Manitoba Potato Production Days
Box 545
Portage la Prairie, MB R1N 3B9

Manitoba Potato Production Days has been held annually since 1973.

The conference's main objective is to communicate current potato production information to producers.

As well, it provides a venue for retailers to promote the latest in potato-production products and equipment.

The conference attracts more than 500 participants and 70 trade show exhibitors. Attendees include potato producers, French fry processors, government, consultants, agronomists, equipment dealerships, the crop protection industry and agri-business.
